Nothing for HIVT, but AIS did send a demand email for payment in 10 days on some claims **without** advance request though. Just clarifying.

Hi,

Please see email thread below. I believe the answer is no for our providers but please confirm. Thanks!

See below, any discussions at all with any providers demanding/proposing this? I know BSMH has.....others of any type?

Gang –

Gail and John are VERY concerned about provider advances. They also believe we should have a closer insight into what is upcoming.

I agree wholeheartedly on the latter.

Daryl, Jan, Paul, Tom and Mark – are you aware of any upcoming requests for advances? Please let me know.

I would love us to have a process for cataloguing these, no matter how early the convo. **Mark** - can you add this to the issues list?

Thanks  
Bryony
